

## Office of the Mayor

Peggy R. Bell  
Mayor

November 4, 2016

As Mayor of the Town of Cutler Bay, I urge all residents that have not voted already, to join me on Tuesday, November 8, 2016 at the polls to cast your important vote. I strongly believe that it's our civic duty and right to vote in order to secure our future. Every vote counts and your voice should be heard!

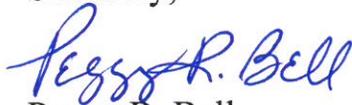

Several Amendments on this ballot have become are critical to our future, specifically **Amendment #1** titled "Rights of Electricity Consumers Regarding Solar Energy Source". The Town Council unanimously expressed opposition to **Amendment #1** and urges residents to vote "No" as per Town Resolution No. 16-58.

Local artist Mr. Xavier Cortada created paintings of solar panels, each named "Let the Sunshine In". Mr. Cortada graciously donated these paintings to raise awareness of the right to vote on the Amendment by temporarily placing these panels in public spaces. Cortada has also created a "friendly competition" between the Village of Palmetto Bay, Town of Cutler Bay and Village of Pinecrest. The municipality that has the highest percentage of "No" votes on **Amendment #1** will be donated a hand painted solar panel of their choosing so, it can be permanently displayed in a public place.

It is with great urgency that I implore you to exercise your right to vote in this upcoming election, and support the Town Council and myself in voting "No" for **Amendment #1**!

Hope to see you there on November 8<sup>th</sup>!

Sincerely,

  
Peggy R. Bell  
Mayor

Left to Right: Artist Xavier Cortada, Raul Vergara Cutler Bay Solar Solutions, Pincrest Mayor Cindy Lerner, Palmetto Bay Mayor Eugene Flinn and Cutler Bay Mayor Peggy R. Bell
