

MIAMI-DADE TRANSIT
Service Planning and Scheduling Division

Project: Cutler Bay Local

Project Status/ Annual Report May 2013

Reporting Period: Sept 2012 – May 2013

Description of Service

The Cutler Bay Local which began service on September 5, 2012, is the Town of Cutler Bay's municipal circulator route, made possible by the People's Transportation Plan, and operated by Miami-Dade Transit (MDT). All major destinations in Cutler Bay are served by the Cutler Bay Local: Town of Cutler Bay Town Hall, South Dade Government Center, Southland Mall, South Miami-Dade Cultural Arts Center, Social Security Office, South Dade Shopping Center, Health South on Old Cutler Road, Old Cutler Towne Center. See Exhibit 1a-b. The route operates Monday, Wednesday and Friday from 8 a.m. to 5 p.m.

Cutler Bay website: www.cutlerbay-fl.gov/

Background History - About the Municipal Program

The Ordinance creating the half-percent transportation Surtax calls for 20 percent of Surtax proceeds to be distributed directly to municipalities on a pro rata basis for use on local transportation and transit projects. Municipalities must apply at least 20 percent of their share of Surtax proceeds toward transit uses and must submit their transportation plans to the County according to established deadlines. Florida Statute 212, Title XIV defines the purposes for which Surtax proceeds may be expended.

Connectivity

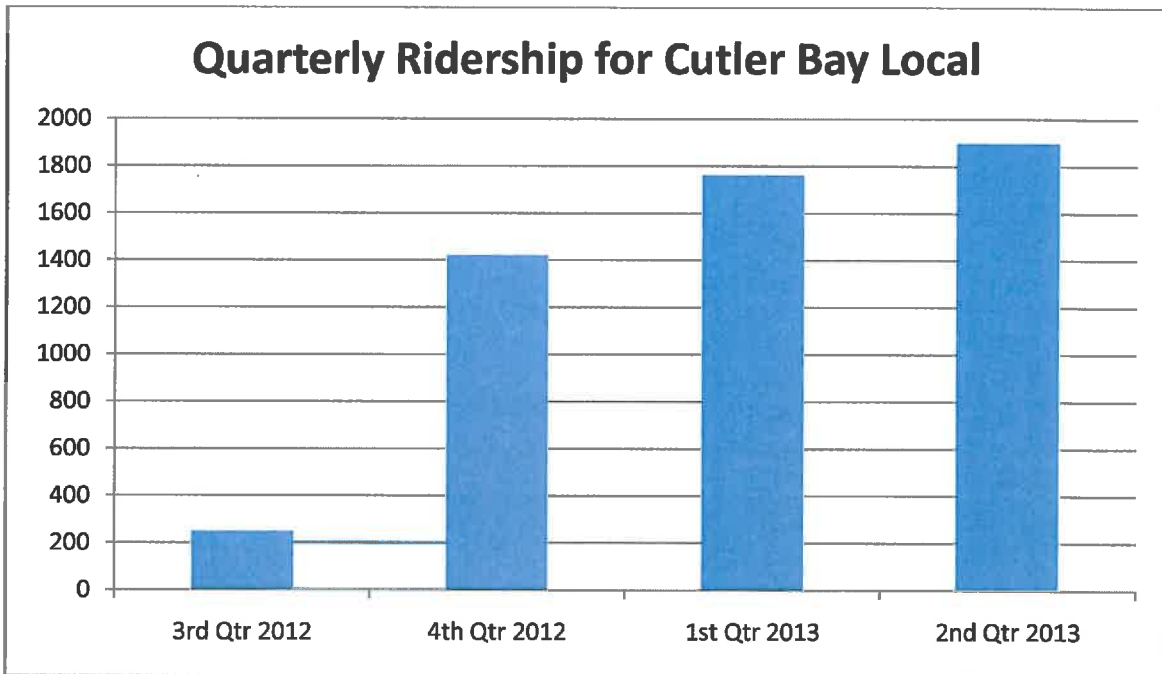

The Cutler Bay Local was designed to provide an easy way get around Town and to connect with a variety of other Metrobus routes. Cutler Bay residents can connect with the South Miami-Dade Busway with Metrobus service north to Metrorail and south to Florida City.

Operational – Ridership Data

Average daily operating data for each quarter of the reporting period are shown below. Note: in the 3rd quarter of 2012 ridership is only for the month of September.

Boarding's Per Quarter

<u>3rd QTR 2012</u>	<u>4th QTR 2012</u>
250	1,424
<u>1st QTR 2013</u>	<u>2nd QTR 2013</u>
1,764	1,901

Note: The Cutler Bay Local only operated for one month in the 3rd quarter of 2012.

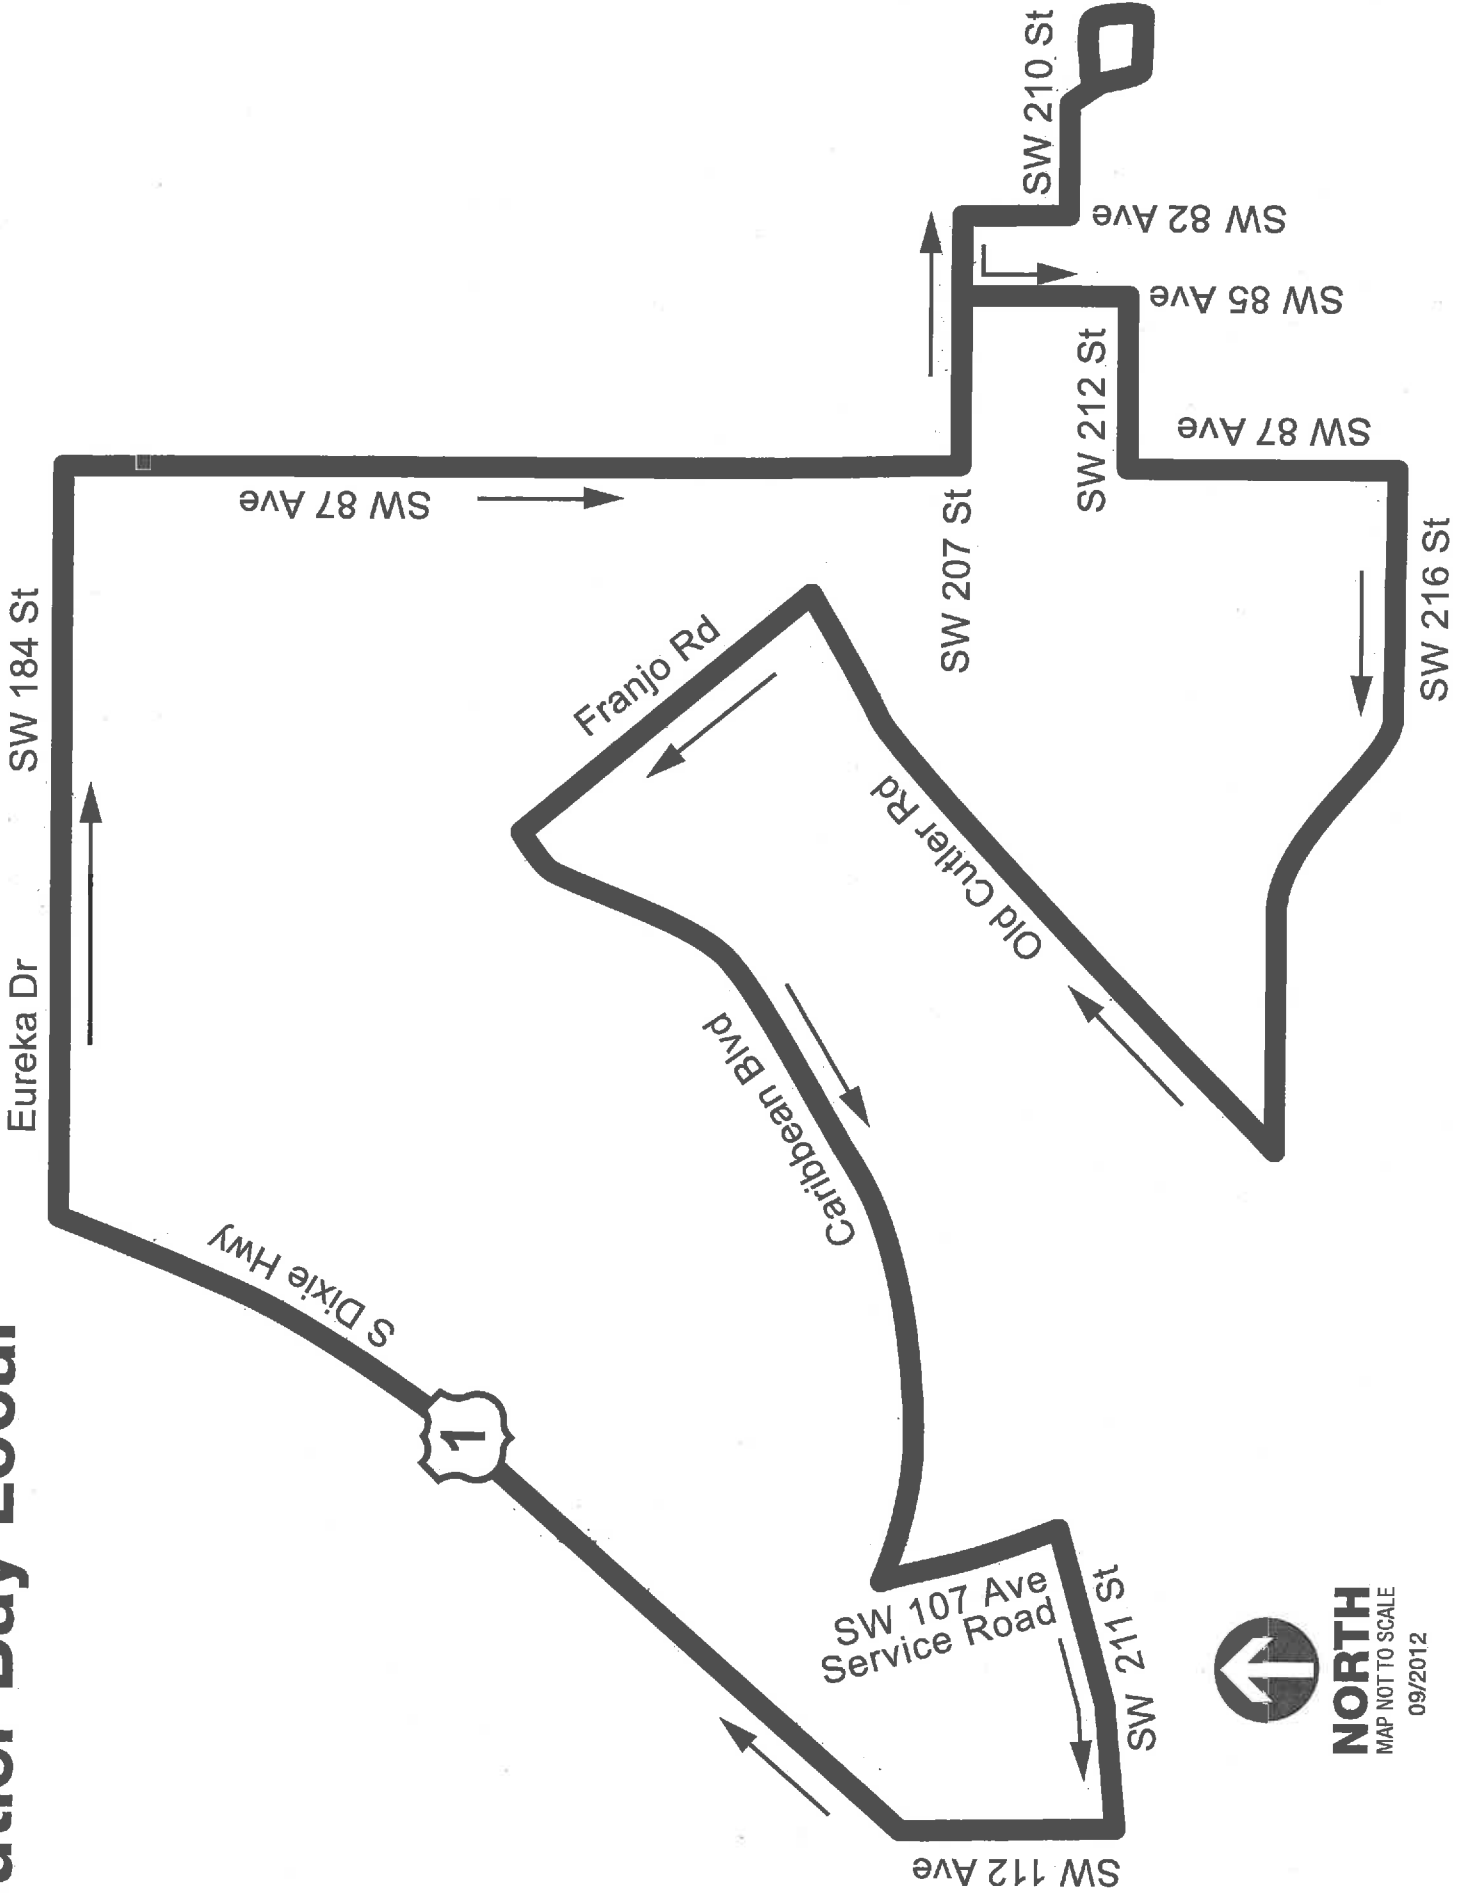

As shown is Exhibit 2 is a chart providing more detail monthly ridership data along with a linear ridership trend line.

Operational – Issues

As shown on Exhibit 3 lists all events related to the operation of the Cutler Bay Local including mechanical related problems and phone complaints. Exhibit 4 shows the complaints received by 311.
